Course History

There have been two serious incidents, seven years apart, on a section of the A31 covered by this course, the first was in 2015 and a second in 2022. The driver of the vehicle in 2015 admitted a charge of causing death by dangerous driving. The driver of the vehicle involved with the later incident is currently facing serious criminal charges. There is no suggestion that either of the cyclists involved, nor the course design was in any way at fault.
